

11/09/2014 – Meeting of Scientific Council of Lithuanian Energy Institute

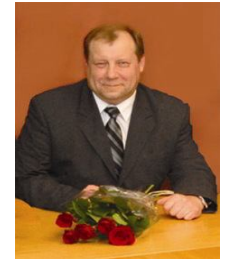

30/09/2014 – General assembly of members of Lithuanian Academy of Sciences

On September 30, 2014 General assembly of members of Lithuanian Academy of Sciences (LAS) was held. During the assembly, foreign members of LAS Prof. Kęstutis ALMENAS and Prof. Bal Raj SEHGAL were solemnly inaugurated. On this occasion, they gave presentations on their investigations and future research prospects. New members of LAS, long-standing partners of the Institute actively contributed to the development of scientific research in the field of energy at the Institute and its dissemination abroad.

CONGRATULATIONS!!!

30/09/2014 – Congratulations to Dr. Habil. **Algirdas KALIATKA** on the occasion of being elected a full member of the Lithuanian Academy of Sciences!

CONGRATULATIONS!!!

19/09/2014 – Junior researcher of the Laboratory of Nuclear Installation Safety **Linas Martišauskas** has defended a doctoral dissertation “Investigation of Energy Systems Disturbances Impact on Energy Security” (Technological Sciences, Energetics and Thermal Engineering – 06T).

11/09/2014 – Basics of application of agreements on energy service efficiency (ESCO)

On September 11, 2014 Training on ESCO model application for implementation of projects for improvement of energy consumption efficiency took place at the Institute. Representatives of the Ministry of Energy, the Energy Agency, the Public Investment Development Agency, the Police Department, energy service companies, housing associations and other organizations took part at the event.

26/09/2014 – Moments of “Researchers’ Night” at Lithuanian Energy Institute

CONGRATULATIONS!!!

24/09/2014 – KTU Senate meeting. At the meeting doctoral diplomas were conferred also to LEI researchers **Darius Justinavičius** and **Adelė Vaidalienė**.
